# U.S. Consulate General Naha Presents the Women of Okinawa Power Alliance Network!

## ***What is the Women of Okinawa Power Alliance Network?***

The Women of Okinawa Power Alliance Network is an intergenerational, cross-cultural support network to promote women's empowerment and work place diversity in Okinawa.

## ***How is the Network Structured?***

We will hold five thematic forums this year: ***Women in Hospitality, Women in Health, Women in Public Service, Women in Business, and Women in Science.*** At each event, there will be a diverse panel of experts who will talk on about their own experiences in the workplace and in the given field. A question and answer period will follow the presentation. Finally – and most importantly – we will save the majority of time for a “mixer” to give audience member, panelists, and guests the chance to “network.”

Our first event will be Women in Hospitality on April 28 at Naha City Water Commission Multipurpose Room. In addition to our prestigious panelists, we will welcome many industrial experts including

- Ms. Yumiko Ichikawa (International Sales Manager, Okinawa Marriott Resort & Spa)
- Ms. Cindy Kawaguchi (General Manager, Shigira Bayside Suits ALLAMANDA, THE SHIGIRA)
- Ms. Kaori Tamaki (Chief, OTS Rent-a-car, Okinawa Tourist Service)

Stay tuned for dates and times for the other events!

## ***Who Can Be a Member of the Women's Power Alliance Network?***

Anyone can become a member. We have students, new hires, mid-career professionals, and top Okinawa and international industry experts.

## ***Can Men Join the Women's Power Alliance Network?***

ABSOLUTELY! We cannot empower women and ensure workplace diversity without the support from the other half of the population. Our male champions of change are key to our success and are welcome at every event.

## ***How Can I Get Involved?***

The easiest way is to attend any event that you are interested in. Both the events and membership are FREE. If you have expertise in any of the themes that we listed above we would love to welcome you to the events as an industrial expert or possibly a panel member.

## ***Where Can I Get More Information?***

Please visit the U.S. Consulate General Naha's Facebook Page or email [jahanamx@state.gov](mailto:jahanamx@state.gov) for more information about our upcoming events.

**Let's Get Networking!**
