

Embassy of the United States of America

Tokyo, Japan

July 26, 2016

To: All Prospective Quoters

From: Clifton E. Neal, Contracting Officer 

Subject: Question and Answer (Q&A) Correspondence No. 1

Reference: Request for Quotations (RFQ) No. SJA800-16-Q-0935
Audio-Visual System Components and Installation Services
for the American Center Japan (ACJ)

In response to questions received in regard to the referenced Request for Quotations, the Contracting Officer is disseminating the following information.

Question 1:

LIVESTREAM VR-50HD

There is described in the system diagram of the equipment, but there is no information in the purchase list.

Are you sure you want to think of as an existing product?

Answer 1:

ACJ already has live streaming equipment in place. These are the video cameras mounted in the ceiling, and are already wired back into the control room. The Contractor shall need to ensure the current live stream cameras and equipment are compatible and work with the new equipment.

Question 2:

Control Systems

Could you present the screen layout plan?

We need you to come in advance because related to the cost?

Answer 2:

ACJ do not have any guidance on the touch screen layout, and leave it to Quoters to provide the best design possible.

Japanese and English language options will be required. For your reference, ACJ/PAS have agreements with Commercial Japanese Companies to act as contracted AV experts during our programing.
